

## Course Outline

---

### PRINCE2 Foundation

**Duration:** 3 days (18 hours)

**Learning Objectives:**

PRINCE2 (Projects IN Controlled Environments) provides common processes, management products, roles, and language for use throughout an organization's projects. PRINCE2 is the most successful Project Management method in the world - it has become the de-facto standard in both the private and public sectors.

This course is aimed at people who work, or would like to work, on projects on a daily basis. This course is designed to provide you with that information and working-level understanding of structured Project Management, as presented in PRINCE2. At the end of this course, you will be able to use this knowledge to manage a project and pass the

APMG PRINCE2 Foundation examination **Organizational**

At the end of this course, the learner will gain competencies in:

- The principles of the PRINCE2 Project Management method
- How to start, control, and close projects
