

Course Outline

PRINCE2 Practitioners

Duration: 2 days (12 hours)

Learning Objectives:

PRINCE2 (PROJECTS IN CONTROLLED ENVIRONMENTS) provides common processes, management products, roles, and language for use throughout an organization's projects. PRINCE2 is the most successful Project Management method in the world - it has become the de-facto standard in both the private and public sectors.

This course is aimed at people who work, or would like to work, on projects on a daily basis. It provides practical knowledge on how to manage projects using the PRINCE2 method. Successful delegates will gain certification at the Practitioner level.

- Understand and apply the PRINCE2 Project Management method
- Understand the implications of using and implementing PRINCE2
- Apply the principles of PRINCE2 to projects
- Manage quality, risks, and benefits
- Tailor PRINCE2 to different project environments
-
