

Course Outline

Windows 8 Basic

Duration: 1 day (6hours)

Learning Objectives:

Target Audience:

This ILT Series course teaches the core features and functions of Windows 8. Students will learn how to use the Start menu and taskbar; move and resize windows; create and manage files, folders, and libraries; edit file metadata; and search for content on their computers. Students will also create shortcuts, use gadgets, and change system settings. Finally, students will browse the Web with Internet Explorer 10, add sites to their Favorites lists, and add RSS feeds.

Topics Covered:

- Unit 1: The Windows environment
 - Topic A: The Windows desktop
 - Topic B: The taskbar
